Brit. J. prev. soc. Med. (1973), **27**, 261-263

INDEX TO VOLUME 27, 1973

Page numbers followed by *P* refer to summaries of papers read at the Annual Meeting of the Society for Social Medicine

Abortion, procuring, 71, *P*
ACHESON, R. M., KELSEY, JENNIFER L., and GINSBURG, G. N.: New Haven survey of joint diseases XVI. Impairment, disability, and arthritis, 168
ADLER, M. W.: Randomized controlled trial of the treatment of moderate hypertension, 65, *P*
—, *see also* WALLER, R. E. *et al.*
Admission of infants to hospital, multiple regression analysis, report from Jerusalem Perinatal Study, 182
Adolescence, middle, relationship between social deprivation and aspects of psychomotor performance, 177
AITKEN-SWAN, J. *see* THOMPSON, B., and AITKEN-SWAN, J.
ALBERMAN, E. D.: Maternal x-radiation and chromosome abnormalities in subsequent conceptions, 67, *P*
Alcoholism, validity of indices, Irish study, 18
ALLEN, M. C. HAYES-, *see* HAYES-ALLEN, M. C.
ALTMAN, D. G., *see* COOK, J. *et al.*
Anencephalus and potato blight in Scotland, 208
— and spina bifida, associated factors, Belfast, 73
— *see also* Neural tube malformation
Appointment schedules, comparison in hospital radiology department, 160
Arthritis, New Haven Survey of Joint Diseases, 168
ASHFORD, J. R.: Smoking and the use of the health services, 8

BARIC, L., and WILKIN, D.: Preliminary report on research into behavioural factors influencing the risk from coronary heart disease, 68, *P*
Beds, number needed for younger chronic sick, 129
BEILIN, L. J., *see* REDMAN, C. W. G. *et al.*
BENNETT, A. E., JOHNSTON, M., WILLIAMS, R., and PERRY, J.: Population-based studies in the evaluation of a community hospital, 71, *P*
BERESFORD, S. A. A., *see* REA, J. N. *et al.*
BEWLEY, B. R., HALIL, T., and SNAITH, A. H.: Smoking by primary schoolchildren. Prevalence and associated respiratory symptoms, 150
BICKNELL, J., *see* DELVES, H. T. *et al.*
BILLEWICZ, W. Z.: Some implications of self-selection for pregnancy, 49
Birmingham, tuberculosis in immigrants, 1970-72, 242
BITHELL, J. F., DRAPER, G. J., and GORBACH, P. D.: Association between malignant disease in children and maternal virus infections during pregnancy, 68, *P*
Blind Register, investigation into purposes, accuracy, and effective uses in England, 154
BONNAR, J., *see* REDMAN, C. W. G. *et al.*
Breast Cancer, screening tests, study, 63, *P*
BRENNAN, M. E., and KNOX, E. G.: An investigation into the purposes, accuracy, and effective uses of the blind register in England, 154
BROOKS, A. G. F., *see* WALLER, R. E. *et al.*
BULL, G. M.: Meteorological correlates with myocardial and cerebral infarction and respiratory disease, 108

Canada, changes in twinning rate, 1926-70, 236
Cancer, uterine, mortality, trends in Canada, and in England and Wales, 146
Carbon monoxide, expired air, smoking, and other variables, measurement in adult community study in cardio-respiratory disease, 114
Cardio-respiratory disease, adult community study, measurement of expired air carbon monoxide, smoking, and other variables, 114
CARRUTHERS, J.: A comparison of the acceptability of a self-administered cervical cytology test with that of the standard service, 65, *P*
CARSTAIRS, V., HEASMAN, M. A., and LOWE, B.: Death from hyperplasia of the prostate, 69, *P*
CARTWRIGHT, K., SNAITH, A. H., and TRICKEY, A. J.: A computer-assisted development paediatric programme, 64, *P*
Cervical cytology test, self-administered, acceptability, comparison with that of the standard service, 65, *P*
— screening tests, sociological factors affecting use, 65, *P*
CHAMBERLAIN, J., and SEDGWICK, P.: Study of screening tests for breast cancer, 63, *P*
Chromosome abnormalities in subsequent conceptions, after maternal x-radiation, 67, *P*
Chronic sick, younger, number of beds, 129
Cigarette price, changes, and consumption by men in Britain, 1946-71 a preliminary analysis, 1
CLAYTON, B. E., *see* DELVES, H. T. *et al.*
CLAYTON, D. G., *see* CRAWFORD, M., and CLAYTON, D. G.
Clustering, disease-, Hodgkin's disease, 66, *P*
—space-time, limb defects, Cardiff, 67, *P*, 188
Community hospital, population-based studies in evaluation, 71, *P*
Congenital malformations, fetal and infant mortality associated with, 85
—— limbs, space-time clustering, Cardiff, 188, 67, *P*
Contraception, prospective study of women using different methods, 71, *P*
COOK, J., ALTMAN, D. G., MOORE, D. M. C., TOPP, S. G., HOLLAND W. W., and ELLIOTT, A.: A survey of the nutritional status of schoolchildren. Relation between nutrient intake and socio-economic factors, 91
Coronary heart disease, behavioural factors influencing risk, preliminary report, 68, *P*
—— — marital status and risk factors, U.S. survey, 41
CRAWFORD, M., and CLAYTON, D. G.: Sudden death and water quality, 68, *P*
CROSS, K. W., *see* FARMER, R. D. T., and CROSS, K. W.

DAVIES, A. M., *see* HARLAP, S. *et al.*
Death, sudden, unexpected, infants in Oxford Record Linkage Study Area, and analysis with respect to time and place, 217
— —, and water quality, 68, *P*
DELVES, H. T., CLAYTON, B. E., and BICKNELL, J.: Concentration of trace metals in the blood of children, 100
Deputizing service, emergency admission to hospital from, controlled study of duration of stay and outcome, 126, 69, *P*
Development, physical, at seven years, relation to velocity of weight gain in infancy with special reference to incidence of over weight, 225
Diabetes, prescribing of drugs used in treatment, 44
DINWOODIE, H. P., and HOWELL, R. W.: Automatic disease coding: the 'fruit machine' method in general practice, 59
Disease coding, automatic, 'fruit machine' method in general practice, 59
DIXON, R. A., *see* WILLIAMS, B. T. *et al.*
Doctors, traditional, Central Africa, reasons for patient consultations, 72, *P*
DOLL, SIR R., *see* KINLEN, L. J., and DOLL, SIR R.
REDMAN, C. W.G. *et al.*
VESSEY, M. P. *et al.*
DRAPER, G. J., *see* BITHELL, J. F. *et al*

Elderly, health care, question of priorities, 70, *P*
ELLIOTT, A., *see* COOK, J. *et al.*
ELWOOD, J. M.: Changes in the twinning rate in Canada 1926-70, 236
—, and NEVIN, N. C.: Factors associated with anencephalus and spina bifida in Belfast, 73
Emergency admission to hospital from a deputizing service, controlled study of duration of stay and outcome, 126, 69, *P*
Erythrocyte sedimentation rate, in community, criterion for identification of osteoarthrosis, 64, *P*
